## LUXURY CANAL CRUISING

Cruise along the Monmouthshire and Brecon Canal in luxury. You'll find that Beacon Park narrowboats are extra special with our entire fleet awarded a 5-star grading by Visit Britain. Designed and made by us, each boat is unique in its own way, providing you with those additional touches that make for a holiday of a lifetime.

Of course, we make sure that every boat is equipped with the necessary essentials for a hassle-free holiday such as a full-size gas or electric cooker, a fridge with freezer compartment and a microwave, but we also provide you with those all-important creature comforts like soft fluffy towels, luxury toiletries and cosy woollen blankets.

Once on board, you can sit back and relax while taking in the incredible scenery of the Brecon Beacons National Park with its mountain peaks, deep valleys and abundant flora and fauna. Exploring further afield is simple with miles of towpath on your doorstep.

We believe that Beacon Park Boats sets a new benchmark for canal holidays in the UK.

We offer three *distinctive experiences* to create a truly memorable holiday of a lifetime.

### DAYBOATS

Hire an electric dayboat, cycle boat or canoe from our wharf at Llangattock and explore at your leisure. Stop off for lunch at a canalside pub or visit picturesque villages with their independent shops and cafes. Available April to October.

Find out more at [beaconparkdayboats.co.uk](http://beaconparkdayboats.co.uk)

### NARROWBOATS

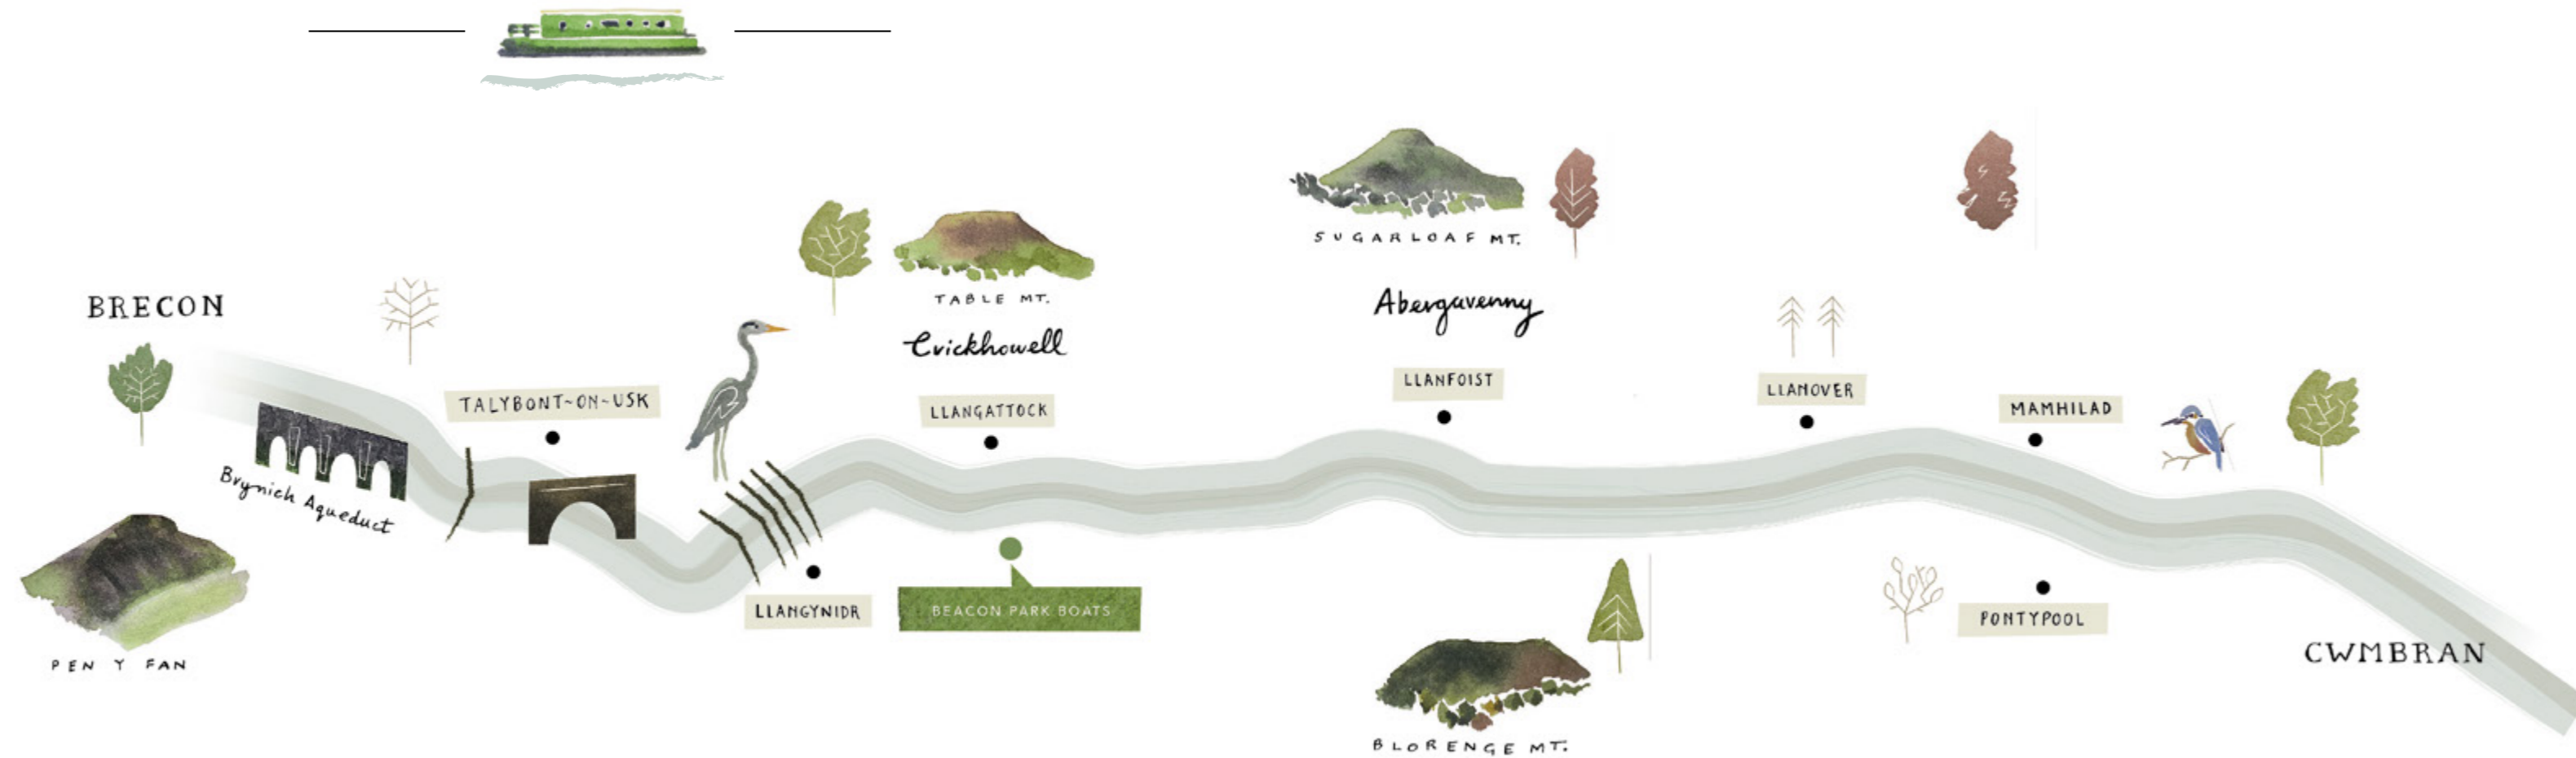

Enjoy a self-drive cruise along the Monmouthshire and Brecon Canal on one of our luxury narrowboats based at Llangattock. We lead the way in UK narrowboat design with each of our boats designed and built entirely by us. Available March to November.

### HOUSEBOATS

Discover the romance of life afloat during winter and spring when the canal is at its most tranquil. Owl and Grouse are permanently moored as houseboats at our wharf in Llangattock from November to March.

# LUXURY HOLIDAYS, STUNNING LOCATION.

Cruise along the beautiful still waters of the Monmouthshire and Brecon Canal.

This stunning, 36-mile long waterway is regarded as the UK's most picturesque, rising unusually high above the valley floor and offering amazing views of the countryside. Separate from the rest of the UK canal network, it remains tranquil and uncrowded, passing through truly spectacular scenery.

Rich in heritage and wildlife, the Mon and Brecon (as it's known locally) forms part of the Blaenavon World Heritage Site and the Brecon Beacons National Park. If you want to explore further than your boat allows, the national park has hundreds of miles of accessible footpaths with walks to suit all abilities.

Visit bustling local towns and charming villages all within walking distance of the canal, each offering a tantalising range of food, drink and locally-made gifts through independent cafés and shops.

Wake up to a different view every morning and stargaze by night with some of the highest quality dark skies in the UK. The Brecon Beacons was the fifth destination in the world to be named an International Dark Sky Reserve by the International Dark Sky Association.

We are proud to offer the finest narrowboat holidays in a world class location. Our passion for luxury, our attention to detail and our exceptional personalised service set us apart.

# FAMILY-FRIENDLY ADVENTURES

Our narrowboat holidays offer adventure for all the family. There is something to suit everyone with the Brecon Beacons National Park right on your doorstep, just waiting to be explored.

## ALL ABOARD

Canal boating is a great way to keep everyone happy with beautiful scenery, home comforts and the possibility of a new destination each day. A grown-up can captain the boat while others help with mooring, casting off, operating lift bridges and going through locks. Any children in your group will relish newly-found freedoms, space to stretch their legs and the opportunity to use their imaginations.

## KEEP ACTIVE

Walk the towpath, summit Pen y Fan, go fishing, horse riding, geocaching or indoor climbing. Children can try our fun activity sheets, hunting for wildlife and spotting narrowboats, while teenagers go mountain biking at Bike Park Wales. With playgrounds, a dry ski slope, museums, libraries, theatres, cinemas, a bowling alley and a swimming pool, there's plenty to suit everyone.

## DOG-FRIENDLY

Dogs stay for free on all of our boats. The canal is the perfect base for a dog-friendly holiday with miles of towpaths for walks in beautiful surroundings. We provide a dog towel for you to wipe their muddy paws, or dry them off after that unexpected swim, and our rigorous cleaning regime ensures that no one will ever know that a pet has been on board.

## MAKE AN EVENT OF IT

The Green Man Festival, Crickhowell Walking Festival, Crickhowell Music Festival, Hay Festival, Royal Welsh Show, Brecon Jazz, Brecon Baroque Festival, Abergavenny Festival of Cycling and Abergavenny Food Festival all take place in the area and are definitely worth taking a look at.

## SIMPLE PLEASURES

Whether you're young or just young at heart, each day brings new discoveries when you stay on our narrowboats. Share your breakfast crumbs with birds, photograph the fluffiest baby ducklings, have a picnic, lose yourself in a good book or simply walk to the local shop to choose a delicious homemade cake.

## AFTER DARK

Lose yourself in a good book in front of the wood-burner or wrap up warm under the vast starry sky. Your deck is one of the best stargazing spots in the Brecon Beacons, an International Dark Sky Reserve.

# ROMANTIC ESCAPES

Our holidays can be tailored for the most romantic of escapes. Some of our luxury narrowboats are specifically designed and built for two, making them the perfect place for couples to unwind and relax.

## HONEYMOONS

Couples looking for a honeymoon with a difference can't go wrong with one of our unique narrowboats. It's easy to find a secluded spot where it feels like you have the canal all to yourselves, even during the summer season.

## DO NOTHING

Our wharf at Llangattock has an enviable setting, overlooking the picturesque Usk Valley. It's difficult not to slow down and recharge when you're on the water's edge surrounded by birdsong, plentiful wildlife and breathtaking mountain views. You're in the lap of luxury and close to nature. True perfection.

## LOCAL ATTRACTIONS

Indulge in a spot of whisky tasting at Penderyn Distillery or give bread making a go with the Abergavenny Baker. If you are interested in history, there are several castles nearby as well as Llanthony Priory and Tintern Abbey. For a real treat, you can't beat an award-winning afternoon tea at The Angel Hotel in Abergavenny.

## COSY UP IN WINTER

From November to March, two of our narrowboats become houseboats, permanently moored in quiet spots at our wharf in Llangattock. Choose between Houseboat South with an on-deck hot tub and four-poster bed or Houseboat North with its roomy front deck —the best spot to relax and take in the breathtaking scenery.

## NEW TO BOATING?

If you're new to boating, we have you covered.

Our narrowboats are easy and fun to handle if you take your time and we're always on hand to share our expertise.

Once your holiday is booked we'll send a DVD to show you the ropes and you'll watch a short video, explaining all about the inside of your boat, when you arrive. After that, one of our trained professionals will instruct you on how to drive your boat until you feel confident enough to set off.

### CALLING ALL NOVICES

Our narrowboats are really simple to steer using a tiller, but each boat also has a bow thruster that can move the boat sideways by the

simple press of a button. Manoeuvring around bends is effortless. Other boating tasks include filling up the water tank, checking the weed hatch and making sure that the boat's in ship-shape condition. Anyone can get involved.

### GOING THROUGH YOUR FIRST LOCK

This is an exciting part of your holiday with volunteer lock keepers available to give you a hand. There are just six locks on the Monmouthshire and Brecon Canal, but if you'd rather avoid them you can spend a week cruising the 25-mile stretch that doesn't have a single lock in sight.

## HIRE A SKIPPER

If you love the idea of narrowboating, but don't feel confident enough to take the helm, or would just rather sit back and relax with no need to think, you can choose to hire your own skipper. One of our friendly and experienced staff can help you through the locks or be your local guide, showing you the very best places to visit.

Your skipper can join you at the boat at an agreed time, remain on board for the day and leave once you are safely moored up for the evening. This extra pair of hands is trained to support you in any aspect of boating as all team members have considerable canal boat experience and hold the Royal Yachting Association Helmsman Certificate.

Email us at [enquiries@beaconparkboats.com](mailto:enquiries@beaconparkboats.com) to find out more.

*"All boats were very well equipped, scrupulously clean and the handover guide and staff help were exceptional. The scenery was probably the finest in the country."*

## EVERYTHING YOU NEED TO KNOW

We make planning and booking your holiday with us as easy as possible, allowing you to just sit back, relax and enjoy the experience. We're here to help you every step of the way—from the moment you start considering a canal boating holiday, right through to the end of your stay.

### WHAT TIME WILL OUR HOLIDAY START AND FINISH?

You can arrive at the boat house to start your holiday any time after 2:30pm. It will then take around two hours to settle you in properly—this includes putting your belongings on board, showing you where everything is, taking you through our safety rules and instructing you on how to manoeuvre the boat. If you encounter delays, and are likely to arrive later than 6:00pm, please call us to let us know.

On your final day you must return to the wharf by 9:00am and disembark by 9:30am. However, if you would find it easier, we are happy for you to moor your boat at our wharf the evening before you depart.

### WHAT SHOULD WE BRING WITH US?

When packing, make sure to include a pair of sturdy shoes, some warm clothing and a waterproof jacket (just in case), whatever the time of year.

You may also want to bring some things from home to help you relax—perhaps a good book, a sketchbook or your camera. If there are children with you, we have some fun activity sheets that they can do to help them get the most out of their canal holiday.

### WHERE CAN WE BUY GROCERIES AND OTHER SUPPLIES?

At the start of your holiday we advise that you either pick up supplies from a local supermarket or make an online order and have it delivered directly to our wharf. That means you at least have something for your first night (if you don't make it to the nearest pub) and for the following morning's breakfast.

During your holiday you can easily top up your water supply from free water points. You'll find everything else you need in the villages and towns that are within walking distance from the canal. Crickhowell is definitely worth a visit with its independent shops, ancient inns and castle ruins.

### HOW MANY DAYS WILL I NEED TO EXPLORE THE CANAL?

As a general rule, a relaxed round trip to Talybont-on-Usk will fill a three-night break. On a leisurely week's holiday you can reach both Brecon (in the north) and Mamhilad (in the south). Check out the suggested itineraries on our website. Some are jam-packed, others are more leisurely and there's even a lock-free cruise.

### CAN I PAY BY INSTALMENTS?

Of course, once you have paid a 25% deposit to confirm your booking the rest can be paid by monthly instalments. Just select this option when booking online or call us if you need any help to arrange it.

### IS IT HOT ON THE BOATS DURING THE SUMMER?

All our boats have opening windows and many have roof hatches that allow a gentle breeze in. Each boat also has a small air-conditioning unit to help keep you cool if the temperature really soars.

### WHERE CAN I GET A DECENT COFFEE?

There's a huge choice of cafés in Crickhowell, Abergavenny and Brecon and you can always make one for yourself—each boat has a Nespresso machine with a few coffee capsules provided to get you started. We promise to recycle or compost them at the end of your holiday.

### IS THERE WI-FI ON THE BOATS?

Yes. However, please be aware that while cruising in a rural, mountainous area, the Wi-Fi and mobile phone signals will vary depending on your exact location. You'll definitely have a signal at certain points, but you won't be fully connected throughout. This holiday really is a great opportunity to get away from it all.

### HOW MUCH IS FUEL?

Unlike other companies, we don't charge anything for fuel. It is free for the duration of your holiday.

### CAN WE INVITE FRIENDS ABOARD DURING OUR HOLIDAY?

That's no problem at all. In fact, we provide an additional two place settings for you to enjoy a meal together. However, please remember that the maximum number of people allowed to stay overnight is the number specified for that boat.

### WILL I GET A GOOD NIGHT'S SLEEP?

We pride ourselves on having the most comfortable, high-quality beds on holiday narrowboats in the UK. Some are king size and all have luxury spring mattresses. Hardly a week goes by without a customer asking us for details of the mattresses because they've enjoyed such a good night's sleep.

### HOW DO I GET HERE?

Whether arriving by car, train or plane, our idyllic location near the Welsh border is surprisingly convenient. To find out more visit [beaconparkboats.com](http://beaconparkboats.com)

For more answers to your questions, please visit [beaconparkboats.com](http://beaconparkboats.com)

## HAND-CRAFTED LUXURY

Luxury is the norm on all our narrowboats. You'll find walk-through showers, large four-poster beds, log burners, sun decks and en-suite bathrooms. They all have hot and cold running water, central heating and either quiet hybrid or low-emission diesel engines. We also make sure that they are packed with creature comforts including soft fluffy towels, Nespresso coffee machines and luxurious spring mattresses. We want you to holiday in stylish comfort.

### CRAFTSMANSHIP

We are confident that our luxury canal boats are second to none. It's a source of great pride that we design and hand-build each one at our base in Llangattock. The process begins from conversations with our customers and discovering what they would like to see onboard in order to make truly special holidays. We then draw up a plan, discuss it, refine it and build the boat to exacting standards, always with relaxation and convenience in mind. This can all take up to 12 months to achieve, but the result is a luxurious, comfortable and unique boat, tailor-made for the perfect holiday.

### COOKED TO PERFECTION

Every boat has a high-spec kitchen with full-size fridge, gas cooker (electric cooker on Coot) and all the utensils you'll need. Eat inside or out; we provide a picnic table and enough chairs for everyone. Use them on the canal bank or, if you hire one of our seven wide boats, there's room to put them on the rear deck. Grouse, in particular, is designed for foodies with an amazing kitchen and formal dining area. We can even arrange for a local chef to cook for you, making a special occasion even more memorable.

### FINEST QUALITY

Some of our boats have bedrooms with en-suite shower rooms while Harrier has a double-ended bath and Owl has a hot tub on deck. The shower rooms have porcelain sanitaryware, showers with doors (no curtains here), toilets with push-button flushes, a good supply of hot water, fluffy white towels and luxury toiletries.

Furthermore, within the smartly-painted strong steel hull, you'll find the very highest specification finishes—oak, beech, mahogany, walnut and ash panelling and flooring, granite worktops, brass light fittings, wool carpets and designer fabrics.

### HOME COMFORTS

Central heating maintains a pleasant temperature during the cooler months and some boats feature a cosy wood-burning stove or log-effect gas fire. The electricity supply onboard will power any appliances you wish to bring on holiday including mobile phone chargers, laptops, video game consoles and hair straighteners. However, many hair-dryers are too powerful so we provide a suitable one on each boat for your convenience.

### A GOOD NIGHT'S SLEEP

Our boats vary in length and come in three widths. This determines the size of the beds that we can fit into each boat, without compromising on comfort or luxury.

For privacy, boats that can sleep four or more have doors that close across the corridor. All feature fixed beds with top-quality, luxurious spring mattresses. To create extra space during the day, some beds slide towards the wall or have a section that folds away. Beds in the lounge can also be converted to seating.

### TAKE IT EASY

Relax on comfy sofas and open the large windows to let the outside in. If you have a preference for leather armchairs, you'll love Kingfisher. Every boat has an LCD television, DVD player, CD player and radio in the lounge and our larger boats also have a radio in the bedroom to help you unwind. Osprey boasts a home cinema system as well, with a three foot pull-down screen and surround sound.

## ECODESIGN

The beauty of the Brecon Beacons National Park inspires us to care deeply about our environment and to take action.

Our boathouse at Llangattock is heated by a highly efficient biomass wood burning boiler with a large water heat recovery system. We are immensely proud of Coot, our standout eco-friendly narrowboat. She comes with solar panels, a low-energy induction hob, efficient LED lighting and a hybrid diesel/electric engine allowing you to cruise in near silence; her conventional engine only kicks in if you run out of battery power.

The rest of our boats use tried and tested, highly efficient, low-revving, low-emission diesel engines. They push the boat through the water at a comfortable 2.5mph, minimising the need for fuel as well as reducing carbon emissions.

We aim for eco-friendly solutions whenever we decide to refurbish a boat. Falcon is a case in point—her woodwork is Lignia (a sustainable alternative to Walnut), she has LED lighting throughout and her hull is painted in epoxy paint so she doesn't have to be repainted so often.

We lovingly build *unique and beautiful boats* of the *highest quality* and aim for *eco-friendly* solutions.

# THE PERFECT NARROWBOAT

We know each of our narrowboats inside out. After all, we designed and built them ourselves. Each one comes packed with incredible features, including Wi-Fi (signal permitting), and some additional personal touches.

Full-size gas cookers (electric on Coot) and fridges with freezer compartments

Comfortable beds with luxurious spring mattresses, white cotton linen, duvets and pillows

Ample shower rooms with ceramic hand basins, push-button flush toilets and luxury toiletries

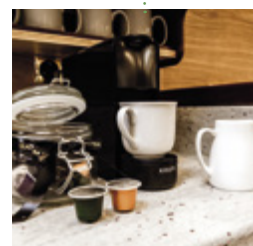

Large front and rear decks with picnic tables and chairs

ON TOP OF ALL THIS, WE GIVE YOU FREE FUEL FOR YOUR ENTIRE TRIP

Bow thrusters for easy manoeuvring and life jackets for you (and your dog)

Microwaves, kettles, toasters and Nespresso coffee machines

Comfy living spaces with digital TV/radios and DVD/CD players

Central heating, opening windows and smoke and carbon-monoxide alarms

We will supply you with *everything* you need to help operate the boat.

## THE ALL NEW ROBIN

Robin is fully-electric and part of our commitment to helping slow down climate change. This modern, eco-friendly launch is bookable for 2022 and will be our shortest at just 27ft long. Although short in length, she's huge on craftsmanship and engineering and will definitely compliment the rest of our fleet with her quality. Fitted with an induction hob and with hot water and heating generated by a solar-driven water source heat pump, she is truly revolutionary. You can even cruise for a week without any need to charge her. She'll have wheel steering so you don't have to stand up all day, seated dining (inside and out) and a canopy over the driving area. You can also choose between a 5-foot double or twin beds.

You can book Robin on any day, for any duration. It's totally up to you.
